

FRONTEND DEVELOPMENT ROADMAP

Be the best and
frontend development
and get Hired!

Rajdeep Sengupta

BAISCS

Start with HTML5 and CSS3 and master them

HTML5

CSS

Rajdeep Sengupta

LANGUAGE OF WEB

Take your time and master JS with all the advance topics. It is the most important part. ✓

JavaScript

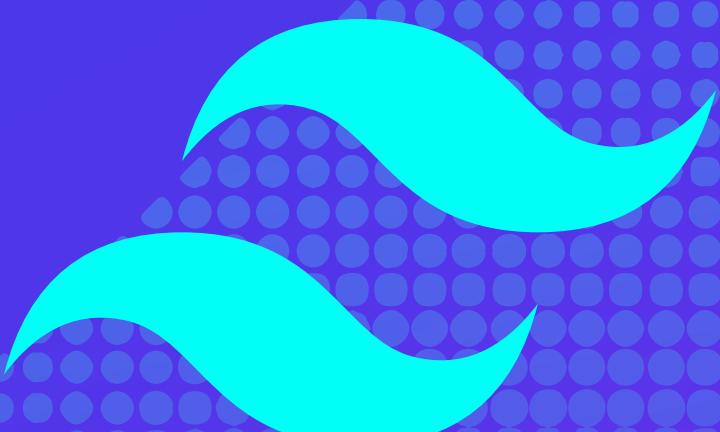

Rajdeep Sengupta

FAST DEVELOPMENT

Having one of them will speed up the development process.

BootStrap

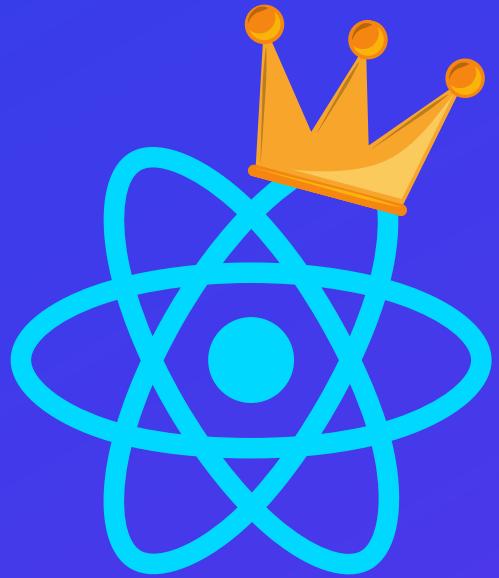

Tailwind CSS

Rajdeep Sengupta

FRAME WORK

You can Learn Any of them but, My Choice
will be React.

React

Vue

Angular

COPE UP WITH INDUSTRY

Next.js is now industry standard, so its really important to know that.

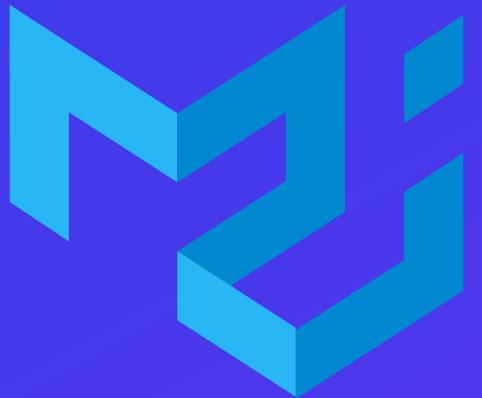

NEXT.JS

Next.js

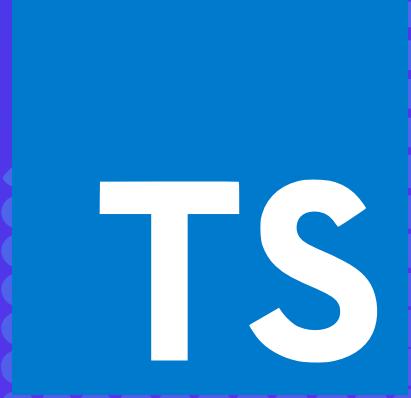

Rajdeep Sengupta

ADVANCE TOPICS

You can Learn Any of them but, My Choice
will be React.

Material UI

TypeScript

Rajdeep Sengupta

BUILDING PROJECTS

Build Projects in each and
Every Step, its is really
important.
